Merry
CHRISTMAS AND A HAPPY *New Year*

To all our new and existing customers, we wish you a Merry Christmas and a happy new year!

Our last despatch date for UK deliveries is 21st December, so make sure you have everything ordered in time.

Our office closes on 22nd December 2017 and the factory are back in full production on the 2nd January 2018

New Internal Promotion - Frazer Robinson

Frazer came to TEV as an Administration Apprentice 5 years ago, he was then promoted to team leader of Quartz Internal Sales where he developed his knowledge and skills.

Frazer has just recently been promoted to Business Development Manager and i hope you will all congratulate him on this fantastic opportunity and wish him all the best in his new role where he will be dealing with consultants and trying to get the Quartz name out there to develop our company more.

New Quartz Unit Features

We have recently designed some new features for a specific project, from the heat exchanger, to safety chains and a new low resistance washable filter further highlighting our adaptability and desire to meet our customers needs.

If you need any more information on any of the above new features, or have a different requirement please get in touch with our Quartz team who will be happy to help and discuss with you.

You can also contact our sales team for a dedicated quote.

Our Refurbished Reception

In the last month we have been very busy in the TEV office, we have refurbished our reception into a more modern and contemporary look to go with our new branding and modern logos.

We still have more improvements to be made within our TEV office but are getting there slowly and we think it is going to look Fab!
